|--|
| PROJECT NAME   |
| Project Location   |
| Construction Method  |
| Contractor Name and contact info                           |
| Has anything been written up yet? <i>(Pls share)</i>       |
| Diameter, IPS or DIPS                                      |
| DR (dimension ratio)                                       |
| Engineering Firm   |
| Engineer and contact info                                  |
| Equipment – (McElroy, EF processor etc.)                   |
| Image <i>(we need at least one image!)</i>                 |
| Old Pipe Diameter and Type                                 |
| Owner  |
| HDPE Distributor   |
| Pipe Manufacturer  |
| Project Date   |
| Project Length   |
| Region of country  |
| Type – Water, WW, storm, industrial etc.                   |
| What is Unique about this project? <i>(VERY IMPORTANT)</i> |
| Who was fusion operator?                                   |
